Requirements To Use Collection Centers

CAUTION should be used when transporting hazardous waste to a Collection Center due to the potential for spillage and/or exposure.

- A maximum of 15 gallons or 125 pounds may be transported at any one time per State regulations. It is illegal to exceed these limits.
- Hazardous Waste should be in its original container.
- All containers must have lids, be sturdy, non-leaking and protected from breakage.
- Containers larger than 5 gallon in size may not be accepted.
- Containers will **NOT** be returned, except for oil containers (upon request).
- REMAIN IN VEHICLE when delivering waste to Center.
- DO NOT mix or combine Hazardous Waste.
